# Schrijfpatroon sprinkhaan, trek de lijnen over

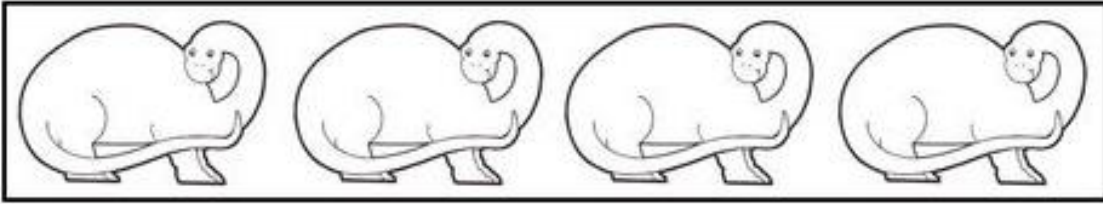

A large green grasshopper is positioned on the left side of the page. To its right and scattered throughout the page are several smaller green grasshoppers. Each small grasshopper is followed by a series of three connected arches, representing a jumping path. The arches are drawn with dashed lines, alternating between green and yellow. The background is a light green field with a white path on the left and a blue sky with faint clouds at the top.

# In de juiste bak

Niet alle afval moet in de zak voor restafval.

Sommige dingen gooien we in een andere zak of bak.

Dat noemen we het afval **sorteren**.

Van die dingen kunnen nieuwe dingen gemaakt worden.

Dat noemen we **recyclen**.

## Sorteer het afval!

Knip het afval uit.  
Plak het in de juiste bak of zak.

Welke dingen blijven in de zak **restafval**? Plak ze in de zak van p. 5.
